

## We've got you in mind.

When it's time to rest easy - we're here to ease your mind.  
It's Kalahari's Commitment to Clean and to You.

\*These wellness initiatives represent tactics utilized in all room styles, not just the one represented in the image

## It's in the details.

**1.** Hospital-grade disinfectant is used resort-wide when sanitizing.

**2.** In effort to not enter an occupied guest room, traditional stay over service will no longer be available. Should you need a change of linens or towels, rooms will be equipped with large bags to exchange items outside of the door.

**3.** All key cards and Waterpark wristbands will be sanitized.

**4.** Information in the key card packet containing maps, coupons and activities as well as in-room dining menus will be sent via text.

**5.** Continued deep-cleaning of high touch point surfaces including: faucets, trash-receptacles, remotes, luggage carts, handles, and counters.

**6.** High touch items have been removed, including: tissue box covers, ice buckets, informational binder, coffee makers, newspapers, menus and pens.
